

PLEASE do NOT allow the LPFM broadcast service to take priority over current FM translator service. I listen to the Christian radio station KLOVE, not only when I'm at home, but when I travel across the US; and I do NOT want to lose this service. KLOVE offers a positive, encouraging, and uplifting format for their listeners, and makes a wonderful difference in millions of people's lives every day. I consider my choice to listen to KLOVE part of my personal freedom of religion; and I believe that this choice is guaranteed to me as a Citizen of the United States of America. Therefore, I urge you, in the strongest way, to allow me to continue to have this Constitutional Right of choice, and NOT let any LPFM station, or translator, override or replace any of the regular FM radio stations, or their translator services, across the country. The music and programs of KLOVE are an integral part of my life, and I do not want to lose them. Thank you! Carol M. Hedger Cheyenne, WY
